County Budget Request Tops $80 Million

Approval Would Hike Tax Rate by 65 Cents

SAN DIEGO (CNS)—Preliminary budget figures for San Diego County for the coming fiscal year show an increase of $8,796,981, or 11 per cent over the 1960-61 total of expenses, it was learned Tuesday.

This total, the result of estimates by department heads, is made up of just preliminary figures and is subject to paring by T. M. Heggland, the chief administrative officer, and by the County Board of Supervisors.

This would represent an increase of 31 per cent in the tax rate. Certain fixed income is derived from state and federal sources. Each one cent of tax rate produces about $132,000.

The increase is equivalent to a boost of about six and a half cents per $100 of assessed valuation in the present tax rate of $2.07. It reflects the growth in county services, and any tax rate boost that may be required will be necessary because the increase in assessed valuations is not sufficient to take up the slack.

SUBJECT TO SCRUTINY

Board Chairman David W. Bird, when asked about the preliminary budget figures, stressed that they are subject to strictest scrutiny.

Board Approves 'Grossmont' as Name for New JC

"Grossmont College" was the name applied by the Grossmont Junior College Board Monday evening to the new junior college in the Grossmont district which will begin operation in September.

The name was chosen in preference to Heartland or Homeland which had received previous consideration by the board. The board indicated willingness to consider any other appropriate name which might be suggested.

OKAY SURVEY FORM

The board of trustees of the Grossmont Junior College District took major steps toward organization of an educational program for next fall when it approved a survey form to be used with high school seniors, a list of courses to be offered, and other materials concerning the program which will be used to inform students, parents and adults of the community interested in the local college opportunities. Courses approved are those normally offered to freshman and sophomores in the regular four-year colleges for those students intending to transfer and also for a terminal-vocational program in business education and a few other selected vocational courses which may be developed in response to interest and demand.

NO DATE SET

The college will be limited in the number of specialized vocational courses which can be offered until specialized facilities have been constructed by

Real Estate Sales Jump in Area; Local Activities Pacing County

Real estate sales in the Lemon Grove, La Mesa and Spring Valley areas during March jumped to 269 from the 194 sales during February, it was reported this week.

Sales in those areas were second highest throughout San Diego County, according to James C. Downs Jr., head of Real Estate Research Corp, of Chicago. He made the announcement in the April edition of Trends, the monthly real estate publication of the Union Title Insurance Co. of San Diego.

"In spite of the poor showing of basic real estate activity factors in the first quarter of 1961, the fundamental recovery of the real estate market in San Diego began in March and is continuing in April," Downs said.

The increase in March totaled 75 more sales in the local areas over the previous month, the report said.

LG Schools To Get $47,000

According to an announcement by Congressman James B. Utt (R-28th Dist.), the Lemon Grove School District has been awarded the sum of $47,408 for school operating funds pursuant to Public Law 874.

Schools which are heavily burdened by the impact of Federal installations in their area are eligible for financial assistance under this Public Law.

The amount certified for payment is determined from the tentative entitlement for the fiscal year computed on the basis of information and estimates contained in the application. The total entitlement for the school district for fiscal year 1961 has been set at $74,366 of which the above amount has been certified for immediate payment. Additional payments will be subject to such adjustments as may be required by actual data and by the availability of funds in relation to total entitlements for financial assistance. (Funds available for fiscal year 1961 will require proration of payments at approximately 85 per cent of tentative entitlement shown.)

SINCE DECEMBER

Boy, 15, Admits Addiction to 'Glue Sniffing'

A 15-year-old Lemon Grove boy, found unconscious from glue fumes last Wednesday, told sheriff's officers that he has been addicted to the habit of glue sniffing "for kicks" since last December.

Found unconscious in his bedroom by his father, the boy blamed brutal paternal treatment of him and his mother for the habit. He has been placed in Juvenile Hall.

Arrested in December for theft of a tube of glue from a department store, the boy said he was started on the habit by another boy.

Tire, Wheel Taken

A tire and wheel have been reported stolen from his pickup parked in his driveway by Manley Broughton, 1524 Wallbollen St. They are valued at $50.

Broken Window

Mrs. Vera Valeen Berto, of 2543 Mulder, Lemon Grove, reported to sheriff's officers Friday that a window in her home had been broken by shot from a BB gun.

The DIMMER VIEW

by MAX GOODWIN

Three of the five men of the Lemon Grove elementary school board are running for reelection Tuesday.

We heartily recommend that these men be retained as trustees.

The men are Arthur J. Long, a local businessman who also operates the merry-go-round in Balboa Park; Harry W. Buckner, a Convair executive, and Bert Cosby, an executive with the Pacific Telephone Co.

The present board has provided this community the most harmonious board in recent history. There were many disagreements, as there should be, but name-calling and personal attacks so frequently occurring in other years, has been happily missing the board's activities.

The present board has lead the district along the path of orderly growth during an extremely trying period. Teachers, administrators, and taxpayers alike appear more happy than usual, which can be interpreted to mean harmony exists at all levels.

Seeking to disrupt this harmonious group is Frank Armstrong and Dean Bistline. Armstrong was defeated two years ago after being centerpoint of numerous hassles while he served on the board. Because of his unfortunate ability to disturbances of his own making, we oppose Frank Armstrong.

Dean Bistline is a teacher at O'Farrell Junior High School in San Diego. Laymen, rather than teachers, are needed on school boards to supply controls and balances so vital to keeping districts on an even keel. A teacher on the board would weaken the public's position and give disservice to teachers because all board actions favoring teachers would be suspect.

We encourage and welcome candidates for the non-paying and energy-consuming school board jobs, but in the election the three incumbents should be reelected.

* * *

Former Vice President Richard Nixon submitted himself to questions to a small group of GOP devotees in San Diego last week following a public reception for him at Balboa Park.

Not more than 35 men were present, but among them were some of the most ardent Republicans in the county. Mr. Nixon made some declarations off the record but these were hardly startling.

Not off the record is his reaction to the Democrats health insurance program. "We simply must not let them pass it," he said with almost as much fire as he greeted Khrushchev during another regime.

"Compulsory health insurance for elderly persons is just an opening wedge," he told us. Elderly people who have raised their family often have a financial cushion or family assistance to help them over rough spots, he pointed out. "After health insurance for this group has been legislated, the younger group will be drawn into the program. Only as a matter of comparison, it is the younger group which needs it most. If the head of a family of growing children breaks down the financial aid need is more acute and more immediate. The new administration will include them in the program and socialized medicine will have become a reality," he said.

Privately, he blames our nation's doctors for this state of affairs.

"Doctors have the opportunity and the ability to turn back socialized medicine. Yet, they have consistently done the poorest public relations job."

He did not deny that part of poor public relations involved fees.

Looking confident, fit and certainly more rested than when he was in midst of his campaign, he switched abruptly to a very local subject.

"Give my regards to Mr. and Mrs. Netzley when you get back to Lemon Grove," he said to me.

Light Turnout Expected As Issues Fail To Jell

Light voting is expected Tuesday in three area races for school board seats.

Summer School Deadline Nears (Shhhh!)

Tough luck, kids.

They've set five weeks aside for you again this year.

It's five weeks of summer school (ugh!) at Lemon Grove elementary schools.

You may have to do some studying, but you'll be a lot smarter when you go back to school in the fall.

At Golden Avenue school, grades 1, 2, 3, and 4 will convene daily 8:30 to 11:30. At San Altos the same grades will be accommodated at the same time. Both schools will have classes in reading, arithmetic, writing, spelling, PE, music, arts and crafts.

At the junior high school grades 5, 6, and 7 will be in class 8:35 to 11:30. Classes will be given in math, science, English, reading, PE, social studies, music, conversational Spanish, drama, arts and crafts, and remedial arithmetic.

Tougher yet, the courses do not replace those given during the regular term, nor do they represent credit toward grade advancement or graduation.

Enrollment deadline is Friday, kids. If your application can be held up beyond that date you've got it beat.

Five In School Board Race Here

Here are the five candidates running for three Lemon Grove elementary school board seats. Warren Buckner, Jack Long and Bert Cosby are incumbents. Gene Bistline a San Diego school teacher is a newcomer to the race. Frank Armstrong served as a board member for two three-year terms.

Second Case of Cattle Rustling Reported at Ranch Near Descanso

Shades of the Old West!

The sheriff's department this week reported another cattle rustling—the second in the past three weeks—this time the work of an "expert butcher."

Joseph H. Mitchell, manager of the Katherine Spencer Ranch at Descanso, told officers the critter—a three-year-old whiteface—was lasooed on the grazing range at the foot of Campbell grade.

He said an expert job of butchering had been done on the animal with everything but one hind quarter taken away. Tracks in the area, officers said, indicated a sand buggy or a four-wheel drive vehicle had been used.

Grove Girl Wins Top Award

"Are you sure? I can't believe it!" Marjorie Irvine, Mount Miguel senior, explaimed when informed that she had won the coveted gold key awarded by Quill and Scroll for the best high school news story of the year.

The award also opened the way to application for a $500 scholarship in journalism at the school of her choice following graduation.

A quiet, soft-spoken brunette, Marjorie plans to major in journalism in preparation for entrance into professional newspaper work.

Her winning entry was a story about Miguel's foreign exchange students, Katherine Barre and Eduardo Leira. The story first appeared in the September issue of El Trovador, the school's newspaper.

Marjorie, the daughter of Mr. and Mrs. H. F. Irvine of 2546 Mercury Dr., Lemon Grove, is a third-year journalism student at Miguel. In addition to being editor-in-chief of the school paper, she acted as assistant advertising manager last year.

Currently, she is president of the Mount Miguel chapter of Quill and Scroll, an international honorary society for high school journalists.

The national contest, sponsored by the society, was limited to published news stories, features, sports stories, and photographs which had appeared in the school paper between September 1 and February 1.

Determined to prepare herself for a journalistic career, Marjorie has worked for Max Goodwin, publisher of the Lemon Grove Review. Last summer, in the absence of the news editor, she assumed his responsibilities during a two-week period.

Melvin C. Grant, principal of the school, presented the award on behalf of the society. "We are very proud of Marjorie and hope that this is only the beginning of a bright future as a successful journalist," he commented.

"Marjorie has tremendous potential for success in newspaper work," said June M. Mott, journalism advisor at the local school. "Given the chance to narrow her interests in college, she will be a valuable addition to any staff."

In addition to her journalism duties, she is ASB commissione of alumni and records, devoting time to keeping an accurate record of Miguel alumni.

Incentive Taxation Committee is Formed Here; Headed by LG Man

Support for a proposed state constitutional amendment (ACA-43) to permit home rule on local property tax rates was announced today by Frank Grundler, chairman of the newly formed La Mesa - Lemon Grove chapter of Incentive Taxation Committee of California.

Grundler said the amendment was introduced in the Assembly recently with 44 sponsors of both parties including Lou Cusanovich of Van Nuys.

Grundler said other officers of the La Mesa-Lemon Grove chapter are Harry Valasek, and J. A. Nesheim, secretary. E.C. Boys' Club Given $50,000

A grant of $50,000 was presented to the Boys' Club of El Cajon last week by the California Committee of Boys Incorporated of America.

The grant, matched by an equal amount from the club, will go toward constructing a $120,000 club building in El Cajon. The money is being given in three separate payments of approximately $17,000 each.

San Diego businessman Vincent T. Godfrey, a member of the California Committee, presented the first check to James Van Vechten, Boys' Club president, during a groundbreaking luncheon at the El Cajon Elks Club.

Boys Inc., a non-profit group with headquarters here, presents financial aid on a matching basis to various organizations serving boys. The corporation holds the lease for the Del Mar Turf Club, from which rent is derived. All of its rental income is devoted to its charitable purposes, as set forth in its charter, helping organizations serving boys.

The El Cajon Boys' Club board of directors met at the building site in Wells Park, following the luncheon, to turn the first shovelful of dirt. Also in attendance were California Committee President George A. Scott and Secretary Irving E. Friedman, both of San Diego.

The Boys Inc. charter states that funds are to be used solely for charitable work among boys and "in helping to build better boys and in combating juvenile delinquency among boys between the ages of eight and 17."

Aaron H. Fahringer is executive director, with offices in Room 333 in the Grant Hotel Bldg., San Diego.

Jet Tool Co. Sold; New Owners Announce Plans for Expansion

Recent purchase of Jet Tool Company of Lemon Grove, and the start of new construction to double its size was announced today by a spokesman for the firm.

Grant Hadley, former owner, sold the company's assets, inventory, patents and copyrights to Norman C. Kirkpatrick, Howard L. Nichols, R. J. Fagan and Cleve L. Kirkpatrick. All are San Diego area men long active in West Coast manufacturing fields. Sale price was $77,500. The new owners have filed incorporation papers with the State of California and will call the firm Jet Tool Company, Incorporated.

ON NORTH AVENUE

The plant is at 7952 North Ave. It manufactures tooling, ground support equipment, detail parts and assemblies for airborne and space vehicles specializing in the machining and fabrication of exotic metals. In addition, it is producing the nationally known "Jet" line of wood cutting tools on which it holds patents.

New officers and directors of the firm are: Norman C. Kirkpatrick, president; Howard L. Nichols, vice president in charge of manufacturing; R. J. Fagan, treasurer; and Cleve L. Kirkpatrick, assistant secretary. W. F. (Bill) McCutchan is a member of the board of directors and Robert A. Oakes has been named secretary and legal advisor.

BEGIN CONSTRUCTION

The new owners have begun construction of additional plant manufacturing facilities and new offices at the firm's present site. When completed, it will raise the company's total area, under-roof, to more than 15,00 square feet.

Jet Tool now employs mor than 30 persons. This numbe is expected to increase as worl on new contracts gains momen tum.

"We now have more than 50 jobbers and dealers across the country marketing the "Jet" line of wood cutting tools," Kirkpatrick said. "We plan to step-up our advertising program to breathe new life into the promotion of these fine products. We're also working on new contracts from local aircraft-missile manufacturers and subcontractors for the production of tooling and components. We plan to continue expanding our scope of operation in this type work," he said.

Norman Kirkpatrick is former vice president, general manager and second largest stockholder of Hewitt and Faust Manufacturing Company, El Cajon. Other positions he held were: purchasing agent of major subcontracts for Lockheed Marietta, Georgia; manager of defense division and material director of Utah Radio Products, Huntington, Indiana; and in charge of purchasing of outside manufacturing for Rohr Aircraft in Chula Vista. Earlier at Rohr, Kirkpatrick was department manager of tool control and liaison.

WITH EL CAJON FIRM

Prior to joining Jet Tool, Nichols was factory manager for Hewitt and Faust Manufacturing. He also was supervisor of the tooling shop for Bill Jack Scientific Instrument Company, Solana Beach; and has worked in tooling departments and special projects divisions for Rohr Aircraft, Bell Aircraft and Spaulding Fibre Company in New York.

Fagan was employed 14 years by Solar Aircraft in tool engineering, planning, estimating, material control and tool and machine design departments. Before joining Jet Tool Company, he was in charge of planning, estimating, material control, tool engineering and design engineering for Hewitt and Faust.

Cleve Kirkpatrick is department head of Jet Tool Company's "Jet" line of wood cutting tools. Before joining the firm, he worked in the material control, shipping and receiving section of Hewitt and Faust. He also was employed by Jay-Craft Engineering Company, El Cajon. and was a partner in the Luther Construction Company, Fresno, a general contracting firm.

GOP Chief Hits Voter Literacy Law; 'Based on Politics,' Thacher Says

Gov. Brown's decision to abolish the right to challenge the literacy of voters at the polls was based on politics rather than principles, it was charged today.

Edwin L. Thacher, county Republican chairman, said Brown must now face the consequences of going against public opinion and opening the door to wholesale registration of people who cannot even read their ballot.

"Brown and his Democrat-controlled Legislature have given the green light for our ballot boxes and voting booths to be overrun by people who are not qualified to vote under the Constitution.

"I am disappointed the governor has become part of the master plan for machine control of California," Thacher said.

The new law, which Brown approved earlier this week before going on a fishing trip to Mexico, changes the state law allowing disqualification of voters unable to read English by forbidding poll watchers the right to check for violations.

Thacher said he had received many local requests to begin referendum action against the new law.

Book Written, Illustrated by SV Women, High in Popularity

"A Dog Called Bum," a children's book written by Mrs. Robert (Marie) Hitchcock of 3002 Helix St., Spring Valley and illustrated by Mrs. Ethel Green, also of Spring Valley, is having a wide circulation, according to the author. Mrs. Hitchcock is well known as the director of the Padre Puppeteers, the theatre being in Balboa Park.

Mrs. Hitchcock sent one of the books recently to Caroline Kennedy, daughter of President and Mrs. Kennedy. On March 24 she received a "Thank You" letter from the White House, and signed by Letitia Balrige, the White House social secretary "It was quite a thrill," Mrs. Hitchcock said.

The book is now in nearly every state in the Union, Mrs. Hitchcock said, and added that it was in several foreign countries. There are copies of it in the Los Angeles County Library; the Huntington Library, near Los Angeles; the State Library at Sacramento; the San Diego Library; the San Diego County Schools Libraries; and the city schools libraries are also considering having the book on their shelves.

Proceeds from the sale of "A Dog Called Bum" goes to the San Diego Chapter of HEAR Foundation, as the foundation is in dire need of a new building. Mrs. Hitchcock said there have been approximately 10,000 of the books printed to date.

Dedication of New Heartland Hospital Scheduled for Sunday

The $1,060,000 Heartland Hospital, located on the western rim of El Cajon Valley, will be dedicated Sunday, April 16 at 1:30 p.m. according to Dr. Edward East, president of the San Miguel Hospital Association.

Heartland is the second general hospital for the non-profit association, which has operated the Hillside Hospital, 1940 El Cajon Blvd. in San Diego, since 1940.

The new modern-as-tomorrow unit, located at 203 South Cuyamaca Street has been scientifically engineered for efficiency and will originally house 50 patient beds.

Boasting a wide variety of up-to-the-minute equipment in its streamlined surgeries, X-ray department, laboratory and kitchen, the facility was constructed with expansion in mind. The ancillary services were built so ultimately the bed capacity can be increased to 75 any time the need arises.

Many other innovations were incorporated into its features even to the easiest possible movement of hallway traffic and an all stainless steel electric kitchen.

Another unique feature is the location of the new-born nursery, whereby lobby visitors will have viewing access to the babies.

Dedication of the ground in April 1960 climaxed the arduious task of financing. More than $480,000 was pledged by association doctors and citizens of the San Diego County area. The balance of the necessary building fund was secured from a grant under the Hill-Burton program (state and federal matching funds for hospital construction.)

Construction began on the eight acre site in June 1960.

Seconal Overdose, Fractured Knee Hospitalize Spring Valley Couple

A Spring Valley man and his wife were both hospitalized on the same day last week—one because of an overdose of sleeping pills, the other for a fractured knee.

Mrs. Edna March, of 9902 Jamacha Blvd., was rushed to Grossmont Hospital Sunday suffering from an overdose of seconal. Col. Leonard W. March, USA, ret., called the Spring Valley Fire Dept. ambulance, and said later his wife had been despondent over the loss of two show dogs. After treatment at Grossmont, Mrs. March was taken to County Hospital for further treatment and observation.

Col. March was hospitalized the same day when he tripped on the steps of his trailer and fractured his left knee. He told a reporter he expected to be released from the hospital today.

Board Approves

the college. As yet no definite date has been set by the board of trustees for a bond election to finance construction of college facilities.

Surveys of high school seniors who had participated in football and in marching band indicated a low level of interest and this combined with the desirability of having the students and faculty concentrate on the development of the educational program led the board of trustees to rule that these would not be offered in the first year. Regular physical education and intramural programs in all sports may be made available, however. The Board recognized in making this decision ruling out intercollegiate athletics in the first year that some students who have been particularly active and looking forward to participation would doubtless enroll in other neighboring junior colleges.

In order to permit this the board approved release policy and contracts governing inter district attendance. These require no payment for these students who enroll in other colleges. The board indicated that it would review the possibility of an intercollegiate program for the second year of operation.

County Budget

(Continued)

"These are just what is being requested," Bird said. "It doesn't mean that they're going to get what they're asking. We going to work these figures over with our sharpest pencils and then get out our sharpest knives."

The biggest proposed increase for next year is in capital projects of the public works department, with $2,574,000. This includes amounts for a court house annex and the operations center project.

WELFARE BIG ITEM

Next largest is the county's share of the welfare and relief burden, at $1,780,000

The third largest boost would be in unappropriated reserve, from which any pay increase for county employes would come. The request for this item is up $1,307,000 from the current year's total.

$4½ MILLION CUT

In forecasting possible action by Supervisors on a final budget, which must be set by June 30, it can be pointed out that Heggland, before the requests got to the Board last year, cut almost $4,500,000 from the total asked.

However, requests last year were up $13,500,000 from the previous year, compared with $8,796,981 for 1961-62. Heggland cut this increase down to $9,106,000.

Supervisors slashed $1,700,000 more from Heggland's figures. On the same percentage scale a little less than half the requested increases would get into the budget.

This would put next year's total budget at close to $83,000,000, requiring a tax rate of $2.37, or 30 cents above the present rate. In view of the present economic situation, any boost at all in the rate is expected to be fought bitterly by taxpayers and adopted by Supervisors only after the most stringent expense-cutting.

Juveniles Nabbed

A plate glass window at the Lemon Grove Jack-in-the-Box was shattered Saturday when a teen-age throng there started getting out of hand. Sheriff's officers arrested two juveniles before the group dispersed on seeing the squad car arrive.

About 30 juveniles had gathered at the Jack-in-the-Box, 8025 Broadway, and were becoming boisterous when the sheriff's deputies arrived in response to a report. Just as they pulled up, the window was broken with a loud noise and glass scattered among the throng, officers said.

Sheriff's deputies nabbed two of the boys as the group dispersed.

Hub Cap Thefts

Alfred Ursillo, of 8117 Roy St., Lemon Grove, told sheriff's officers four hub caps from his 1957 Cadillac had been stolen while parked at the Bowlero between 9 p.m. and midnight Thursday.

Mr. Nixon and Mr. and Mrs. Netzley attended Whittier college in the early thirties.

Mr. Netzley is superintendent of the Lemon Grove elementary school district. Mrs. Netzley is past president of the Ninth District PTA.

It was a rewarding get-together for local GOPers and optimism ran high.

Left unanswered, however, was the intriguing question of who would be the Republican candidate for the presidency in 1964—but had nominations come from the floor that night, it would have been a unanimous vote for Nixon.

Cowboy Gear Missing

About $140 worth of goods including roping and riding equipment were taken by someone who forced the door of a cabin owned by J. D. Benedetti of 807 Broadway, Spring Valley. Benedetti told Deputy Sheriff Ralph G. Nunnery that the loot included saddles, a bridle, a saddle pad, copper pipe and tubing and 30 feet of nylon rope. The cabin is on the Barret Honor Camp road.

News of Spring Valley Estates, Mt. Miguel Terrace and La Presa

by Elaine Horowitz HO 3-5393

Candidates for the La Mesa-Spring Valley Board will be at Bancroft Elementary School April 17. This will be your last opportunity to hear their ideas on how our school district should be run, before the election April 18.

It's strange, but local elections are ignored by most people, yet this is when you vote for candidates who, if inefficient, can make things mighty inconvenient and costly for you, and if efficient, can make living mighty easy. The polls are, unfortunately, never crowded, so it only takes about five minutes of your time to vote.

More time, naturally, should be devoted to learning the views of each candidate so you can vote intelligently. There are 12 candidates for the four vacancies on the board, and this board will help determine how your child is educated, so on April 18, go to the polls, and go there informed.

MEET YOUR NEIGHBOR

Meet Joe Vitas. If you follow this column, you've met Joe and his wife, Jean, many times before, for their names are always at the top of the 'volunteer' list when it comes to community service.

Joe was born in Waterbury, Conn., and moved to San Diego 10 years ago. He graduated from the University of Connecticut with a BS in business administration and accounting, and now holds a position with the U.S. Treasury Dept. Joe is currently taking a course in the Police Reserves, was a member of the Toastmaster Club while living in El Centro, and for the past year has been the Avondale PTA's representative to the Citizens Advisory Council.

Jean and Joe have three children who are their primary reason for being interested in the way the La Mesa-Spring Valley School Board is run. Attending the Citizens Advisory Council meetings has given Joe an insight into school problems, and because he feels he can be of help in solving them, has decided to run for election to the school board. Be sure to look into his qualifications before you vote; you'll find they are many, varied and based on thought.

SV Knifing is Investigated

A Spring Valley home is under investigation by the Probation Department following a family argument involving a knife attack on her stepfather by a 14-year-old girl, the sheriff's office has reported.

The 33-year-old father, Earl Garland Hays, 33, sustained knife wounds on his hands and arms during an argument which started over whether the stepson should be allowed to take the family car, they said.

An argument between the father and mother led to the knife attack which resulted in the girl's detention by the sheriff's office. Later the girl was released to her mother and the Probation Department began an investigation into conditions in the home, the officers said.

Caught Kids Ends Crime Wave

The apprehension of two Lemon Grove boys, aged 11 and 12, clears up several recent small crimes in the community, reports R. E. Torbett of the Sheriff's Department Juvenile Division.

The boys have admitted doing damage in the Vista La Mesa variety store and stealing miscellaneous items, shattering a San Diego Transit System bus window with a stone from their slingshot, and scattering the contents of a suitcase they removed from the trunk of a parked auto.

They also described entering a house through an unlocked door and finding a wallet which they threw in a nearby creek after taking $17.50 from it. On numerous occasions, the boys admitted, they entered the Vista La Mesa Elementary School and carried off small articles. On other occasions they took things from unlocked cars.

The boys were released to their parents after the latter had agreed to make restitution.

Victims of the boys included Gregory B. Swalley, 7109 Pearson Dr.; Mrs. Shirley N. Lindberg, 4127 Blackton Dr.; and Rev. Richard G. Davis, 4230 Blackton Drive.

Officers Seek Runaway Boy, 13

A 13-year-old Spring Valley boy who has been missing from his home since Friday, is believed to have run away into Baja California. The sheriff's office believes there might be a connection between his disappearance and the theft of a car from the Casa de Oro School cafeteria on the same day.

The boy's mother said her son reported to school on Friday but failed to attend classes. It is believed that he may have taken the car, found later that day at Jamul, to facilitate his trip toward the Mexican border at Tecate.

Hospitalized

Mrs. Betty Reiley, 45, 2547 Pergl St., Lemon Grove, was rushed to Grossmont Hospital Friday after fainting in her home. Neighbor Richard C. Ring discovered Mrs. Reiley after she had fallen and struck her head on her tile bathroom floor about 10 p.m.

Mrs. Nelsted, 85, Succumbs Here

Mrs. Velborg Nelsted, 85, who lived in a trailer at the Miramonte Trailer Court, 7872 North Ave., Lemon Grove, died Saturday within ten minutes after returning to her trailer after a shopping trip.

Dr. Clyde McMorrow, her physician, said death was due to a heart attack, brought on by a heart disease he had been treating, complicated by a bad cold.

Funeral services were read at the Bonham Brothers Mortuary Chapel in San Diego, at 2:30 p.m. Tuesday, followed by interment at Greenwood Cemetery.

Mrs. Nelsted is survived by her son, Harold F. Nelsted of Medford, Oregon; her daughter, Mrs. Susanna Lewis of San Diego; a half sister, Mrs. Maggie Waters, of Provo, Utah; six grandchildren and 12 great-grandchildren.

NEW BOOK SHIPMENT IN

More, Better Reading For You at Library

The Spring Valley Library has received the new shipment of books for this season with a total of over 200 books, of which 135 are for adults.

Many subjects are covered in the non-fiction for both the adult and juvenile patronage. Adventure for all ages is in reserve for you when you read "Peter Freuchen's Tales of the Seven Seas" both in adult and juvenile publication. Peter Freuchen has drawn on his vast knowledge of nautical facts, legend and on his personal experience to bring you excitement and adventure.

For the historical reader "Decision at Trafalgar" and "Dysnasty of Western Outlaws" are among many books added to our already fine selection. The hobbyist will find "Making Your Model Railroad" or "Complete book on Modern Crafts" along with books on jewelry making and wood work.

FICTION BOOKS

Last but not least are the fiction books among which are western, mystery, science fiction and of course good novels by outstanding authors. "The Song of the Lark" by Willa Cather, an authoress who needs no introduction. "Look Homeward Angel" by Thomas Wolfe, modern standard author.

"Brother Karamazov" by Fedor Dostoyevsky is offered complete and unabridge in the best available translation. By general consent the latter is one of the world's greatest achievements in the field of fiction.

"These are only a few of the books chosen for your enjoyment. We hope you will take advantage of the selection of books in your Spring Valley Library selected for your reading pleasure.

Vista La Mesa Little League Opens Season

At the noon ceremonies which marked the official opening of Vista La Mesa Little League season last Saturday, Dr. Paul Wedgewood, commissioner of County Parks and Recreation, addressed the crowd that gathered for the ceremony.

He recalled a visit to the site a few short years ago when it was merely an empty park. He also recalled that members of a civic association who resided in the area many years ago had enough foresight to purchase and donate the property to the county for use as a park.

Dr. Wedgewood publicly thanked and complimented Vista La Mesa Little League members for the many improvements it has made in developing the park and especially for the beautification that has taken place there in the past few months.

He also pointed out that the league should continue to strive for even higher goals in the future and that the county would assist them.

Cletus (Biff) Gardner, director of the County Parks and Recreation Dept. was also on hand for the ceremony.

The leagues' 13 teams which had taken their position on the field presented a colorful sight, and Boy Scout Troop 153 concluded the program by conducting the flag ceremony.

The Matadors managed to hit the ribbon first on only three occasions, those being the 880 yard run when junior Mavernak turned in a top area time of 2:00.3, and senior hurdler Bob Faucher sweeping the hurdles events, winning the 120 yard high hurdles in 16 seconds flat, and posting a :12.6 time in the 180 yard lows.

Locals Face Helix In 'Crucial' Friday

by Bill Ott Jr.

Mt. Miguel baseball coach called on junior pitcher Ron Scagliotti in both of the Matador clashes last weekend and the hurler obliged in fine fashion with victories in both contests.

Scagliotti started the mound chores for the Matador charges in Wednesday's non-league affair with the Saint Augustine Saints on the Miguel baselines, and pitched five innings before Doug Wardell took over in the sixth and seventh chapters as the Spring Valley nine rolled to an easy 11-1 triumph over the Eastern Leaguers.

TAKES OVER

Going into a Friday afternoon affair with Granite Hills, co-leaders with El Capitan of the Northern Division, Coach Gehrke tabbed another junior pitcher, lefty Bob Curley to start the crucial game. The Eagles promptly sent Curley to the showers scoring 4 runs in the first inning on 5 hits. Scagliotti apparently effective after Wednesday's game took over for Curley and limited the visitors to just 1 hit and 1 run, as the Matadors edged the visitors 6-5.

After spotting the Eagles 4 runs, the Matadors to climb the scoring ladder slowly with a lone run in the bottom of the second to cut the visitor's lead to 3 runs. In the top half of the third chapter, the Eagles again scored, the last time for the game to hold a 5-1 lead going into the bottom half of the third. In the third the Miguelers rallied for 2 runs and narrowed the lead to 5-3.

SCORE IN FIFTH

The Miguel nine again scored two runs in the bottom of the fifth, and deadlocked the score at 5-5. The winning tally came in the seventh after Matador first baseman Duane Freeman blasted his third double of the day, and eventually scored on Ray Johnson's slow roller to third. The third sacker threw low to the first baseman, allowing Freeman to cross the plate with the sixth Mt. Miguel run.

The victory was the fifth against no-defeats in loop action for the Matadors, and moved their overall record to 9-2. The loss left the Eagles with a 3-2 slate in league play and 6-5 in overall contests.

In another crucial tomorrow against arch-rival Helix, the Miguelers are again expected to call on fireballer Scagliotti who is supporting a fine 5-1 record for the season. Helix coach Bill White is expected to start George Sherrod on the mound for the Highlanders who are deadlocked with Chula Vista in the Southern Division scramble with a 3-2 record.

Northmont Community Church Will Welcome New Pastor Next Sunday

Sunday will bring a new pastor to Northmont Community Church, a United Church of Christ (Evangelical and Reformed) 6050 Henderson Dr., La Mesa, when the Rev. Donald O. Fatchett will take up his duties there.

THE REV. FATCHETT
New Duties Here

Rev. Fatchett comes from Friedens United Church of Christ in Caseyville, Ill., where he has been pastor since 1957. Born in Potosi, Mo., Rev. Fatchett obtained his BA degree from Shurtleff College, Alton, Ill., in 1955. He will receive his bachelor of divinity degree from Eden Theological Seminary, Webster Groves, Mo. in June of this year.

Rev. Fatchett, his wife Leona, and their 4½-year-old son Daniel are now residing in the new parsonage adjacent to the church at 6050 Henderson Dr.

The supply pastor, Rev. O. F. Geisler, of Orange, who has served the church for the past five months, is returning to retirement at his home.

ONENESS AND SUPREMACY OF GOD KEYNOTES SERMON ON ATONEMENT

The oneness and supremacy of God will be emphasized at all Christian Science services on Sunday. "He that abideth in the doctrine of Christ, he hath both the Father and the Son." This declaration from John's second epistle (1:9) is the Golden Text of the Lesson-Sermon on "Doctrine of Atonement."

Lutherans Marking Milestone

Ten years of a cooperative ministry by Lutherans to military personnel will be observed in 1961 by the Lutheran Service Commission.

Plans adopted by the Lutheran Service Commission at its semi-annual meeting in Washington, D.C., call for a year-long emphasis with a special world-wide observance set for Sunday, April 23.

In announcing the commemorative year, Dr. P. O. Bersell, of Minneapolis, Minn., chairman of the Lutheran Service Commission, said that this is another milestone in cooperative work done by the majority of Lutherans in the U.S. Dr. Bersell will represent the Commission at the formal opening service of the San Diego Center April 23, at 3 p.m.

JOINT AGENCY

The Lutheran Service Commission, a joint agency of the National Lutheran Council and the Lutheran Church—Missouri Synod, began providing an off-station ministry for military personnel in 1951. Service centers in the U.S. and overseas supported by the agency offer places of relaxation in a wholesome atmosphere where men and women in the armed forces may spend their free time.

IN SAN DIEGO

In San Diego, the Lutheran Service Center has been re-located to 1045 Fourth Ave., a half block north of Broadway. The Rev. Fred T. Eggert has served as its director since 1951. He will continue as the Service Pastor at the new location. (This was formerly the Chi Chi Club). A complete remodeling has been made of the quarters, with fireplace, panelled walls, games area, lounging space, writing desks.

La Mesa United Presbyterians Announce Schedule for the Week

Regular services will be held Sunday, April 16 at 9:30 and 11 a.m. at the La Mesa United Presbyterian Church, 4426 Harbinson, with the Rev. Kenneth E. Grant delivering the sermon.

Mr. Grant has chosen "Christ and Our Crisis" as his topic.

Evening vespers will be held Sunday at 7:30 p.m. The Missions committee will present a film entitled "Heritage" at this service.

Members of Los Companeros are looking forward to a pot-luck dinner at 6:30 p.m. tomorrow in the Fireside Room. Program for the evening is "We Have a Secret."

The Church Master Plan, produced by George C. Hatch, architect, in consultation with the long range planning committee, was adopted by a vote of the congregation at a special meeting held in the sanctuary March 28.

A new class for adults and teenagers who are looking forward to membership in the church will begin at 7:30 p.m. today.

SV Woman Finds Electronic Banking At New B of A Center Challenging

Spring Valley resident Nova Jo Scroggins is one of many Bank of America employes who have found new and more challenging positions in the electronics age of banking, according to a recent news release.

Mrs. Scroggins, of 3946 Kenwood Dr., is a reconciler at the new San Diego ERMA Center, which will be previewed by the public at an open house April 21. She formerly served as a bookkeeper at the Ramona branch. Among other duties, she handles irregular checks and other items that require special treatment, as they come into the center from outlying branches.

An ERMA Center is a high speed electronic bookkeeping equipment system so large it requires its own building and a staff of from 40 to 60 people to operate. ERMA stands for Electronic Recording Method of Accounting. It's the imagination-intriguing device pioneered by Bank of America to handle the mountainous paper work involved in checking account bookkeeping.

ERMA does all of the bookkeeping each night for the 29 branches in San Diego County and has all of the records complete before the branches open next morning.

The system is being installed statewide by the bank, with 13 ERMA Centers to do the posting for 2,500,000 checking accounts every day.

Mrs. Scroggins is a native of Oklahoma who came to California as a youngster and graduated from high school in Julian. She is the mother of two children, Marlin 3; and Elmo 1.

The San Diego ERMA Center is located at 5305 Metro St.

More than 60 bank officers, directors and staff members with more than 25 years of service, and their wives, attended the affair.

Bank President Thomas W. Sefton attended the dinner and presented Jeffrey with money clip and check to mark the occasion.

Jeffrey joined the bank in March, 1921 as an assistant bookkeeper. He has since served in the note department, as manager of the new accounts department and as personnel officer.

He has been in the business development department since 1959.

County Trailer Fees to $52,253

SACRAMENTO—The State's semi-annual apportionment of trailer coach fees to the counties amounted to $600,984, State Controller Alan Cranston has reported.

Of that amount, San Diego County's share was $52,253.88, Cranston said.

The money represents the counties' share of fees collected in the first half of the 1960-61 fiscal year. The comparable figure a year ago was $589,480.

The Controller sends the money to the county auditor, who then divides it equally among the county, city (if any) and school district in which the trailer is registered.

Persons driving to the park will find plenty of free parking spaces in the vicinity of the Federal Building.

PAYMENTS READY NOW

Federal Funds Funneled To San Diego Unemployed

Extended unemployment payments started in San Diego Monday but the depth of the aid will not be known locally for several weeks, according to Floyd Ohs, manager of the San Diego branch of the state employment office.

Benefits come from the Federal Government under the Temporary Extended Unemployment Compensation Act of 1961 and California's ecenomy is expected to be helped by $85,000,000. With benefits going to about 30,000 Californians who have exhausted regular federal or state unemployment benefits between June 30, 1960 and November 1, 1960. In addition, 57,000 Californians who exhausted regular unemployment insurance benefits after November 1, 1960, and who have already filed extended duration claims under the state extended benefit program which began February 26 under the Shaw Bill, will be shifted over to the federal program without any inconvenience to them.

NO WAITING

According to the San Diego employment office there is no waiting period.

Eligible claimants who file for the first time under the federal law will receive benefit payment for two weeks at the end of the second week; and will receive weekly payments thereafter. There will be no interruption in payments to persons who have been drawing under the state program and now go under the federal system.

State officials estimated that San Diego averaged 6.17 per cent of the state total during the final six months of 1960.

To be eligible for extended benefits, a person must be unemployed, able to work, available for work and seeking work, and since June 30, 1960, must have exhausted his right to unemployment insurance under a state unemployment insurance law or under the federal laws which provide unemployment compensation for former members of the armed forces and federal employes.

EXTENDED BENEFITS

The Temporary Extended Unemployment program provides for extended benefits equal to one-half the amount of money which a claimant received or was entitled to receive on his most-recently exhausted claim, payable at the weekly benefit amount for that exhausted claim. This means eligible Californians will receive from 6 to 13 weekly payments at their regular weekly benefit amounts. Most will receive 13 weeks of extended benefits.

In order to claim extended benefits, residents of the area served by the San Diego local offices of the Department of Employment should go to the local offices and register for work and file an unemployment insurance claim in the usual manner. After obtaining the necessary information from the claimant, the local offices will determine his eligibility to receive extended benefits just as would be the case on a regular unemployment insurance claim.

REQUIREMENTS

All claimants, whether they exhausted their regular benefits under a state or federal unemployment Insurance Code. California acts as the agent of the federal government in administering the two federal unemployment compensation programs, and federal law provides that federal claimants shall meet the eligibility requirements of the agent state's unemployment insurance law.

Further information about the federal TEC program, including explanatory literature, may be obtained at the San Diego local offices.

Report Theft

Mrs. Caroline D. Fisher, 9125 Pearson, Lemon Grove, reported to sheriff's officers last week the theft of her son's 26-inch Schwinn bicycle.
